Marissa Thoman's Biography

I began my career with Eagle Web Assets, Inc. in the fall of 2009, assisting in all aspects of the company from accounting to payroll. Since that time we have grown at a tremendous rate, increasing staff, advertiser and affiliates to record numbers. I have progressed since the start through the company from assisting in all areas, to accounting to Vice President of Human Resources and Corporate Secretary. I achieved this position by being passionate, driven, and reliable. I am responsible for our human assets, insurances, and corporate benefits. In addition, I oversee corporate functions, and supervised our travel division. In the same manner that I have seen Eagle Web Assets, grown tremendously, I have had the privilege to grow along side of them.

Prior to Eagle Web Assets, Inc., I held positions in the food and retail industries. I attended Lake Forest College. I have spent countless hours and time in building and developing various programs and ideas into reality to help maintain our growth in a reasonable manner, contain cost that can be passed along to our affiliates, and refining concepts into reality by creating checks and balances for many projects currently in place. I am grateful to have the opportunity to grow within this great company and anticipate many years of continued success.

Outside of work, I enjoy running, hiking, traveling and having a stimulating conversation. In addition to my recreational actives, I have accomplished the completion of the 26.2 mile 2007 Chicago Marathon. I look forward to continue growth and success of our company and our employees. I enjoy work, traveling and shopping.
